EVERYBODY HAS A STORY TO TELL

WELCOME TO OUR STORY

Jardin Culturel is committed to superior training services that create a social, friendly, learning environment that helps its members become independent, confident and ready for any situation.

At Jardin Culturel we are not just committed to language training, we recognize our responsibility to the world and we aspire to improve it by helping individuals, companies, charities, organizations and governments to communicate with ease.

By bettering the lives of our students, staff and the communities we serve, we hope to inspire others to do the same.

SOCIAL LEARNING

WHO WE ARE

At Jardin Culturel, we employ the best teachers because we believe they are the key to successful learning. Our teachers are highly qualified with many years of experience and understand the needs and interests of all types of students.

We encourage students to be actively involved in the learning process and help them to develop to their full potential.

WHAT WE DO

We prepare all our students whether individually or in groups to attain their goals; whether those are Erasmus years abroad, running a business, retirement in the French countryside or to integrate into a new life you're starting in France.

We believe our job is to give you all the tools and confidence you need so you can live the life you want independently in a francophone country.

WHAT MAKES US DIFFERENT

We try to avoid being just like the other schools that offer grammar-heavy, conversation-light, academic systems which are depressingly common in many French schools.

Our teaching methods focus heavily on exchange and conversation, which will help you to progress, whatever your age, culture or current level in French.

Have your Individual French courses in your office or in the heart of the city at our language centre; you can be assured of excellent professional language training with an experienced, qualified coach.

Whether it's for professional reasons, as part of your studies, or just for leisure, individual courses are, without a doubt, the best way to make the most of your time. The personal one-on-one attention will inevitably lead you to learn faster and more effectively than in group classes.

INTENSIVE COURSES

Ideally suited to people who have a limited timeframe, who wish to master their French as quickly as possible, or those who are simply looking to boost their linguistic competency!
